## SRS SERIES RACK, SRS4-14

SRS4-14 |

---

### FEATURES & BENEFITS

Specify an SRS for rear access to equipment connections in millwork and cabinets. System extends a full 19" but does not rotate. Good for smaller millwork and in-wall installations.

- System pulls out a full 19", providing rear access to equipment with shallow depths
- Trim panel secures unit closed
- Accepts optional triple-hinged, full-width cable carrier for additional cable management
- Standard front (14 spaces) and rear (7 space) 10-32 threaded rackrail with marked spaces
