

Mini DisplayPort to DisplayPort Cable, 2m

No.: 41057

High quality cable with 24K gold plated contacts

Description

- DisplayPort 1.2
- HD 2160p compatible
- Full support for high definition video, multi-channel digital audio and DPCP
- 24K gold plated connector pins
- Supports resolutions up to 2560 x 1600 and 2160p
- Supports 8 channel, uncompressed 24bit audio
- Bandwidth: 2.7Gbps per lane (total10.8Gbps)
- DisplayPort compliance certified
- Color: White
- 10 year warranty

Technical details

This superb cable benefits from advanced design and construction to provide the best possible performance and reliability. It's 24K gold plated connector pins ensure superb signal integrity and corrosion resistance whilst the shielded cable design allows consistent performance, even over longer transmission distances.

DisplayPort - The new standard for maximum display performance

DisplayPort is the next generation digital display interface standard designed to replace DVI, LVDS, and eventually VGA. DisplayPort delivers a higher performance, enables exciting new monitor designs and improves digital display connectivity.

All Digital

No compression, no conversion, pure digital direct from the source as it was meant to be seen and heard.

One Cable

All of your HD video and audio in one cable. Say goodbye to cable clutter. One DisplayPort has over twice the capability of one single channel DVI cable.

Technical Specifications

- 10.8 Gbps forward link channel supports high resolution monitors up to 2560 x 1600 with a single cable
- 8B/10B data transmission
- Supports color depths of 6, 8, 10, 12 and 16 bits per component

- 128-bit AES DisplayPort Content Protection (DPCP) support
